Student Satisfaction Survey (2016-2017)

A questionnaire that includes the following criteria was created by IQAC in consultation with the College council and senior faculty members from various departments in order to understand the level of satisfaction among the students who studied at our College and to improve Teaching-Learning on our college campus. At the conclusion of the academic year, the questionnaire was distributed to Students departing the college after completing their specific degree programmes, and the responses were gathered through the Heads of the several Departments of our College. A bar diagram is used to plot the total satisfaction answers for each criterion. We made every effort to gather input from each and every one of our college's graduating students.

Student Satisfaction Survey Analysis (2016-2017)

All students leaving the college after completing their individual degree programmes at the end of the academic year 2016–2017 received the questionnaire with the fifteen criteria. Through the corresponding heads, a total of 640 replies from all the departments were gathered. A bar diagram is used to plot the total satisfaction answers for each criterion. The figure reveals that the levels of criteria 1 through 10 and 13 through 15 are above satisfactory. There are no impartial responses, however a few criteria also provide some moderately satisfactory responses. Improvement should be prioritised in those criteria where answers are marginal or below desirable levels.

Highly Satisfied criteria

- Effective coverage of syllabi
- Punctuality and preparation of teachers for the classes
- Explanation of concepts through simple examples
- Modern technology in Teaching
- Campus is good for learning and eco-friendly
- Overall learning experience in the campus
- Moral values are learnt in the classes

Scope for improvement

- Participation in seminars
- Participation in Extra-curricular activities
- Library facilities
- Placement activities
